

A detailed technical drawing of a mechanical assembly, likely a part of a vehicle or industrial machine. The drawing shows a cross-section of the assembly with various components labeled with numbers 1 through 16. Component 1 is the base, which is hatched and has a curved bottom. Component 2 is a vertical plate on the left. Component 3 is a horizontal plate below 2. Component 4 is a large rectangular block at the bottom right, with a horizontal double-headed arrow indicating movement. Component 5 is a curved, dotted surface at the top. Component 6 is a vertical plate in the center. Component 7 is a small component on top of 6. Component 8 is a small component below 6. Component 9 is a small component to the left of 11. Component 10 is a small component below 11. Component 11 is a central component with a horizontal double-headed arrow indicating movement. Component 12 is a large rectangular block on the right, with a horizontal double-headed arrow indicating movement. Component 13 is a vertical plate below 12. Component 14 is a small rectangular block below 13, with a horizontal double-headed arrow indicating movement. Component 15 is a small component below 14. Component 16 is a small component below 15.
